

Feedback Revision Form

You will provide feedback to the assigned student on his/her IU, and in turn you will receive feedback from that person on your IU. Timely feedback is important. You are graded on the content and timeliness of your feedback. You must plan to send feedback 24 hours prior to the due date of the project. Therefore, you need to send your IU to your feedback partner 48 or 60 hours prior to the due date of the project.

Use this form to document your feedback partner's comments and your response to those comments.

| Feedback Partner's Comment | Learner's Response |
|--|---|
| Introduction does provide an overview of the instructional unit | Meditate on the Feedback Partner's comment and determine what action, if any, is necessary. |
| Goal statement is expressed in terms of what the learners will accomplish during the instructional unit | |
| First-Level Task Analysis: I see you have modified your steps from what I saw in your discussion 3, which I commented that you may want to modify the first three steps to just registering for a Prezi account. I think now your steps are able to cover much more in a more in-depth way. Good Job | |
| In-Depth Task Analysis: I think your flow chart is easy to follow and steps are concise and straight to the point. | |
| Learning Domain: I believe you have chosen the correct learning domain (intellectual skill) for your goal. | |
| Peer Evaluation: You wrote a description of the peer review and incorporated the suggestions made by the peer reviewer. | |
| Summary: Summarizes what your instructional unit 2 covered and included what you will be doing for instructional unit number 3. | |
| Overall: Awesome Job Romel! Keep you the great work! | |
